... your victory was great, all
though the reward here is in
the light of a murderess."

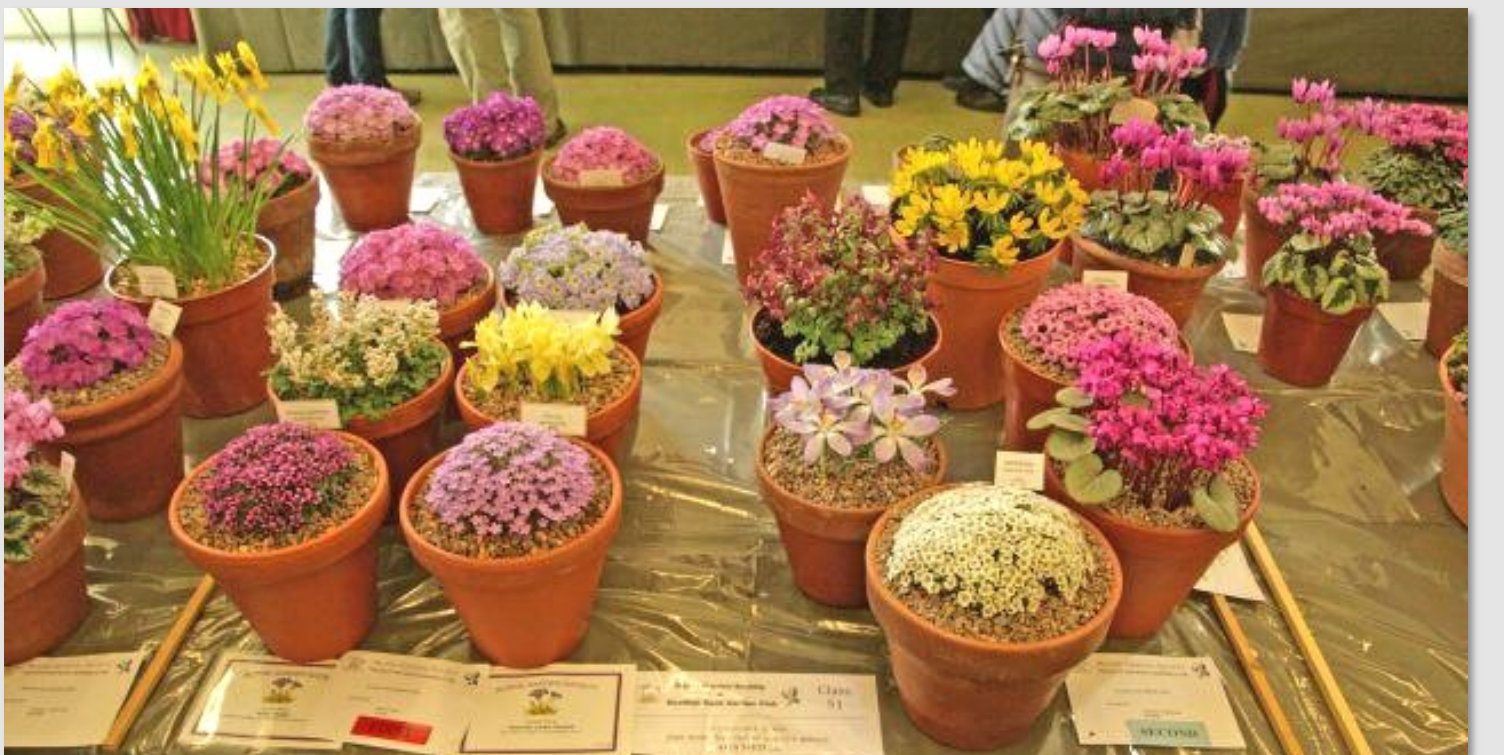

Bob Worsley was awarded a Certificate of Merit for his *Hepatica acutiloba* - here's the plant - photo by Alan Gardner, and the Man - photo by Rob Potterton - who sold him the plant some time ago! Bob also photographed Peter & Beryl Bland who always enjoy the Kendal show

I want to thank Stan da Prato for use of the pictures. More of Stan's pics are available on the SRGC Forum
